

CS 7290 – Special Topics in Data Science
Omar Alonso and Kenneth Church

Individual project. This is not a team/group project.

Part 1: Proposal for a project on a research topic that you would like to work on. This cannot be a past project. Take this opportunity to do something new and interesting.

- Submit a written proposal (2-3 pages max)
- Present the proposal in class so we can provide feedback
- Deadline: 2-February

Part 2: Midpoint check. Show progress on how your MVP (Most Viable Product) or POC (Proof Of Concept) is going based on your proposal.

- Presentation with demos, results, etc.
- Deadline: 16-March

Part 3: Final presentation. Present your completed work in class.

- Submit your deliverables (e.g., paper, demo, github link, etc.)
- Present your work in class.
- Deadlines 20-April. In case we don't have enough time, we'll have a second session on 27-April.
